MIRZA AQEEL RAZA

Bangalore, India | (+91) 8971494712 | mirzaaqeelraza@gmail.com | LinkedIn

SUMMARY

- A highly organized and Detail-oriented **_QA Engineer with 3.5+ years of expertise_** in both **_manual and automation_** testing, particularly using Java and Selenium tools.
- Demonstrates a strong commitment to enhancing software quality and reliability through **_comprehensive testing strategies_**.
- Aiming to bring my knowledge and skills to a forward-thinking team dedicated to creating exceptional software solutions

EXPERIENCE

FEBRUARY 2023 - PRESENT

SOFTWARE QUALITY ASSURANCE ENGINEER | AARABHYA SYSTEMS PVT LTD | BANGALORE, KARNATAKA

- Led a team of testers in a project that achieved a 40% reduction in critical defects for a major software release.
- Developed and executed comprehensive test plans, cases, and scripts for ERP application, game mechanics, UI/UX, and gameplay across PC, console, and mobile platforms.
- Conducted functional, regression, smoke, and compatibility testing, utilizing automation tools to enhance efficiency and coverage.
- Managed defects using JIRA, ensuring timely resolution, and collaborated with developers, artists, and designers for actionable feedback on gameplay, graphics, and audio.
- Participated in Agile practices, including sprint planning and stand-up meetings, and created detailed documentation for test plans, reports, and platform certification.
- Trained and mentored junior testers, improving team skills and overall project outcomes.

SEPTEMBER 2021 - JANUARY 2023

SOFTWARE ENGINEER | NVIERA TECHNOLOGIES PVT LTD | BANGALORE, KARNATAKA

- Conducted manual testing, including functional, regression, E2E, and user acceptance testing, and developed test plans and cases.
- Executed automated scripts using Selenium WebDriver and Selenium Grid, enhancing testing efficiency and coverage.
- Managed the defect lifecycle in JIRA, including logging, tracking, and retesting, and collaborated with cross-functional teams on project requirements.
- Actively participated in Agile practices, including sprint planning and daily stand-ups, to align on testing and project goals.
- Generated detailed test reports and identified process improvements, demonstrating strong project management and communication skills.

EDUCATION

B.E . in Electronics and Communication
CMRIT, Bangalore
October 2020

SKILLS

- Software Testing Life Cycle
- Smoke Testing
- TestNG
- Maven
- Agile Methodologies
- Regression Testing
- Test Cases and Test Planning
- Jira Tool for project management
- Functional Testing
- Core Java
- Selenium IDE
- Selenium WebDriver
